

Dear Colleague,

the International Symposium on Biology and Taxonomy of Green Algae V will be held at the Congress Centre of the Slovak Academy of Sciences, Smolenice Castle, Slovakia, in June 25-29, 2007. Smolenice Castle is situated about 70 km north-east of Bratislava, the capital of Slovakia.

The meeting will provide a forum for young and established phycologists for communication and discussion on many aspects of biology and taxonomy of freshwater green algae, including basic and applied research. Number of participants is limited to 80.

You, personally may or might not be interested in the topic of the conference. In case the topic is out of your personal interest please forward this message to colleagues whom it might be more relevant. A pre-registration form is attached to this circular. Please return the filled form before November 1<sup>st</sup>.

Please see details on

<http://imb.savba.sk/~janecek/Algae/>

You are cordially invited to take part in this Symposium!

Prof. RNDr. Frantisek Hindak, DrSc.
